SUMMARY

Computer Science Engineering student with strong fundamentals in **frontend development, problem-solving, and software engineering principles**. Experienced in building responsive web applications using modern web technologies. Interested in full-stack development, scalable systems, and clean UI engineering.

SKILLS

Programming Languages: C, Python, JavaScript

Frontend: HTML5, CSS3, Tailwind CSS, JavaScript, Responsive Web Design

Backend & Database: Node.js (basic), MongoDB

CS Fundamentals: Data Structures & Algorithms, Problem Solving, Web Scraping

Tools: GitHub, VS Code, Vercel

EXPERIENCE

Web Development Intern – InAmigos Foundation

Remote | Internship

- Contributed to frontend development and UI improvements for web pages
- Worked on improving responsiveness and layout structure using HTML, CSS, and JavaScript
- Assisted in content structuring and technical copywriting for web pages
- Collaborated in a team-based development workflow and version control using Github

PROJECTS

NetScope India — Web Analytics Platform

- Developed a web-based telecom analytics dashboard for network performance insights
 - Built features for speed testing, latency monitoring, and connectivity visualization
 - Designed responsive UI dashboards using HTML, CSS, and JavaScript
 - Focused on performance optimization and user-friendly interface design
-

Scheme Sathi (In Progress)

- Built a Python-based system for aggregating government schemes using web scraping
 - Implemented structured data extraction and processing logic
-

Personal Portfolio Website

- Designed and developed a responsive portfolio using HTML, CSS, and JavaScript
 - Focused on clean UI, fast loading, and recruiter-friendly layout
-

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science Engineering

Priyadarshini College of Engineering, Nagpur

Expected Graduation: 2029

Schooling: Samba, Jammu & Kashmir

ACHIEVEMENTS

- Google Play Store Listing Certification (App publishing fundamentals)
 - Student of the Year — Kushan Public School
 - Represented District Samba in SOF Olympiad
 - Selected for early-stage internships based on technical skill
-

INTERESTS

Software Engineering • Distributed Systems (learning) • Full Stack Development • Data Structures & Algorithms
